

Identity and Address Verification

The Financial Regulators and associated laws and regulations require banks, building societies and credit unions to verify the Identity and Address of all individuals seeking to open an account.

This document includes two lists of documents acceptable for this purpose. You need to provide at least one item from each list. The same document cannot be used for both lists.

If you have difficulty providing identification of either or both forms please contact us. See the Note at the bottom of this document. The lists are subject to change from time to time.

List A Proof of who you are
